

Gurian Instruments

Graphic layout spec sheet

We need concise layout information on file to help us make your finished project meet your expectations. Please take a moment to fill out this sheet. Consult the examples below for clarity-

Graphic's longest dimension for width and height

Width

Height

Headstock veneer length, width and thickness

Length

Width

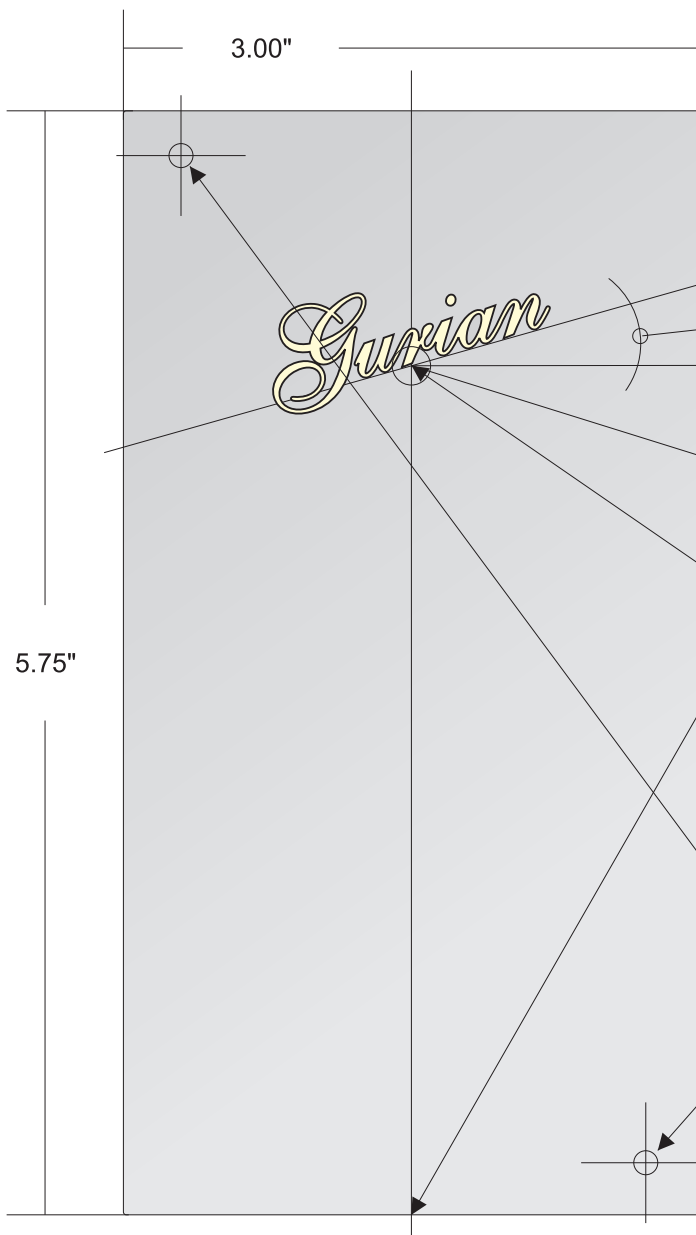

Thickness

Angle(if any) that graphic should be displayed

Indicate where the centerline of veneer intersects the graphic on your drawing

The dimension from:
the intersection of the Graphic and the veneer centerline
to the "bottom" (nut edge) or top of the veneer

If you would like to include tooling or reference holes please indicate these dimensions as well

Fax to: 206 467-8288
